

# National Bank Financial *FullAccess*<sup>TM</sup> Service

All your financial transactions in just ONE account.

## SIMPLICITY AND EFFICIENCY

With National Bank Financial's *FullAccess*<sup>TM</sup> Service, you can use a single account for all your financial transactions whether they be long-term investments or day-to-day banking transactions.

## HOW IT WORKS

*FullAccess*<sup>TM</sup> Service links your National Bank Financial investment account with an "invisible" National Bank account. This acts as a gateway to the Canadian Payments Association, allowing you to carry out all your regular banking transactions using the cash or line of credit in your National Bank Financial account.

## YOUR NATIONAL BANK FINANCIAL ACCOUNT; YOUR NEW CHEQUING ACCOUNT

With the *FullAccess*<sup>TM</sup> Service you will:

- Receive a preferred rate of interest on all your cash balances from the first dollar;
- Simplify the settlement of your investment transactions;
- Enjoy protection on your cash balances up to \$1,000,000 (10 times more than conventional deposit insurance covering a regular bank account);
- Consolidate your financial information and have only one statement to read - your bank statement is included in your National Bank Financial portfolio statement;

...and of course, enjoy all the basic services of a regular bank account:

- Write cheques;
- Set up automatic payments;
- Use a client card to pay for purchases by direct debit;
- Withdraw funds from any *Interac*, *Cirrus* or *The Exchange* system ATM anywhere in the world;
- Pay your bills online or by phone at 1 866 333 7575;
- Make transfers between accounts held at the National Bank;
- Access a personal line of credit proportional to the value of your investments.

...not to mention your free access to **Internet and Mobile Banking Solutions**.

All this is supported by the National Bank Financial banking centre, a virtual branch dedicated to our clients while offering a premium service.
